

**IN THE SUPERIOR COURT OF THE STATE OF ARIZONA
IN AND FOR THE COUNTY OF MARICOPA**

IN THE MATTER OF TECHNOLOGY)
PLANNING IN THE JUDICIAL BRANCH)
OF MARICOPA COUNTY)
_____)

ADMINISTRATIVE ORDER
NO. 2005-021

Whereas, the development, integration and implementation of technology is critical to the mission of the Judicial Branch of Maricopa County, and

Whereas, coordination in development, integration and implementation of technology between the Superior Court of Maricopa County and the Clerk of the Court of Maricopa County is essential to assure that technology meets the needs of the entire Judicial Branch, and is accomplished in the most cost-effective manner,

IT IS ORDERED:

1. A Judicial Branch Technology Planning Committee is created as a committee of the Judicial Branch Management Committee. The trial court administrator and the director of CTS are appointed to the committee. The Clerk of the Court shall name two members of the committee.
2. All planning for development, integration and implementation of technology affecting case management systems, financial systems, e-filing systems, disaster recovery and business continuity systems within the Judicial Branch shall be presented to the Committee. Where appropriate for planning, funding for technology projects shall be considered.

The Judicial Branch Technology Planning Committee is not meant to undo other committees that are working on various issues, such as the e business committee or other workgroups. The Judicial Branch Technology Committee may delegate to other such committees or workgroups specific tasks. The Judicial Branch Technology Committee, however, shall ensure that no projects advance without effective discussion and coordination among all parts of the Judicial Branch

Dated this 9th day of February, 2005.
